ORBOT BRUSHES

Introducing our NEW line
of SpeedFlex Brushes!

SpeedFlex Tile & Grout Brush

Use with all ORBOT machines

- Use on dirty grout everywhere
- You can use “water only” most of time
- Use on smooth or hard surfaces
- Picks away at low spots
- Bristle flex design to get deep down
- Quick “hook n loop” Velcro system for easy on/off

SpeedFlex Tile & Grout Brush

SpeedFlex Concrete Brush

Use with all ORBOT machines

- Use on concrete and rough surfaces
- You can use “water only” most of time
- Picks away at low spots
- Bristle flex design to get deep down
- Quick “hook n loop” Velcro system for easy on/off

SpeedFlex Concrete Brush

ORBOT BRUSHES

SpeedFlex Micro Tile & Grout Brush

Use with the 11" ORBOT SLiM

- Use on hard floors and grout to pick away at small cracks, crevices, and pores
- Works incredibly well on the small 1" tiles that are found in bathrooms, laboratories, and indoor pools and spas

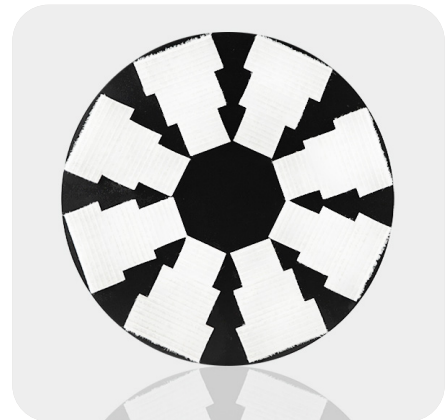

SpeedFlex Micro Tile & Grout Brush
for 11" ORBOT SLiM

SpeedFlex Micro Scrub Brush

14" and 17" ORBOT Machines

- Use on both carpet and hard floors
- Carpet - use for encapsulation cleaning, pile lifting, and high traffic carpet that is almost impossible to clean
- Use on hard floors and grout to pick away at small cracks, crevices, and pores
- Works incredibly well on the small 1" tiles that are found in bathrooms, laboratories, and indoor pools and spas

SpeedFlex Micro Combo Brush
for 14" & 17" Machines
